What is more likely?

Environmental Organizations
Spend limited funds
Conspire with 97% of scientists
To falsify scientific data

Oil Companies
Spend record profits
Pay front groups
To protect profits

Sheldon Whitehouse, RI Senator, speech delivered Tuesday, April 16, 2013 on Senate floor.
The Debate

- Can we reverse Climate Change?
- Is it cheaper to radically change life or to simply adapt?

What do we do now?

Can we buy our way out?

Which is Greener?
A Human World
